Mr. H. J. Farnham, General Manager,
The Price & Lee Co.,
224 Market St.,
Newark, N. J.

Dear Sir:-

Many thanks for your esteemed favor of Sept. 23rd. and your good will toward us in offering to furnish a Newark City Directory for use in our Directory Library.

Our Library comprises 250 directories and is located in the center of the Chamber right near the information desk. This desk supplies information to upwards of 1000 people daily, all of whom are familiar with the Directory Library and many of whom make valuable use of it. We consider this one of the most important services that we render the general public; and inasmuch as San Diego is the "Birthplace of California" the place where western civilization began, this city is naturally a mecca for tourists as a consequence of which our information bureau and our directory library are of relatively greater use than they would be in any similar organization on the entire Pacific Coast.

We will therefore greatly appreciate having a copy of your directory and you may be sure that it will always be readily available to the general public.

Respectfully yours,

W Tomkins
Executive Secretary.

IF there is a possible circulation of upwards of a thousand people daily in San Diego, California, what must the circulation be at intermediate points?

Directory libraries are maintained in all principal cities.

The Sign Over Your Door

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it would it interest you?

THE CITY DIRECTORY

Is where people look for you when they want to do business. You should make it easy for them to find you, by putting such information as a buyer wants, in the Directory properly indexed under all headings where he might look for you.

To be properly registered costs less than to be left out

KENNEDY'S
THE
LIVE STORE

The Reason WHY Kennedy's is such a Great Success

THE reason is no secret. Reduced to plain words it amounts to this : We treat every customer as we would like to be treated if we were doing the buying. This is the corner-stone of Kennedy's policy. Then, of course, we have the great advantages derived from buying for eight stores in tremendous quantities at the lowest cash prices, which enable us to sell at prices much lower than the merchant with but a single store, charging accounts, making a slow turn-over. Our remarkable success in Springfield—excelling our highest anticipations—is the result of doing business Kennedy's way.

KUPPENHEIMER CLOTHES

We feature this brand of clothes because it offers the utmost in style, fabric and tailoring. You are sure of service and satisfaction—a heaped-up and running-over measure of value at each and every price.

Four years of remarkable success. The Kennedy
Policy Volume of business excelling expectations.
Rapid development. Clerks who are courteous.

A store that is behind your every want pertaining to clothes for the young and old.

The Price & Lee Company,

Newark, N. J.

Gentlemen:-

In reply to your request for suggestions which would increase the value of the Newark City Directory, beg to advise that we have found your past issue about as perfect as a directory can be made.

It will no doubt be of interest to you to know that the classified business directory is referred to many times a day in this office, and while it is complete the information contained therein is necessarily so lacking in detail that probably the most valuable section of the book is the classified advertising in the front section.

We have many kinds of manufacturers. Some make a standardized article, while others accept contracts to manufacture on specifications. The only place where this distinction can be found conveniently is in the advertising section of your book. It would also be a benefit if manufacturers advertising in this section would show pictures of the articles they make so far as possible. The best advertisements, of this nature are those which fully describe the services or products of an industry in the City Directory, which is the first place to which a man turns to find such information.

With best wishes for the 1920 directory, we are,

Yours very truly,
THE BOARD OF TRADE OF THE CITY OF NEWARK

Secretary.

Dear Sir:-

Many thanks for your esteemed favor of Sept. 23rd. and your good will toward us in offering to furnish a Newark City Directory for use in our Directory Library.

Our Library comprises 250 directories and is located in the center of the Chamber right near the information desk. This desk supplies information to upwards of 1000 people daily, all of whom are familiar with the Directory Library and many of whom make valuable use of it. We consider this one of the most important services that we render the general public; and inasmuch as San Diego is the "Birthplace of California" the place where western civilization began, this city is naturally a mecca for tourists as a consequence of which our information bureau and our directory library are of relatively greater use than they would be in any similar organization on the entire Pacific Coast.

We will therefore greatly appreciate having a copy of your directory and you may be sure that it will always be readily available to the general public.

Respectfully yours,

W Tomkins

Executive Secretary.

If there is a possible circulation of upwards of a thousand people daily in San Diego, California, what must the circulation be at intermediate points?

Directory libraries are maintained in all principal cities.

←

Creative media

→

is their direction

↔

The seller's efforts to stimulate demand is well carried by outgoing, extensive, display media, but—

he should remember that initiative rests with the buyer, and when the hunt for the goods begins, creative media which may have built up the demand, are at a disadvantage.

It is the difference between coming and going.

The creative advertising is going after the prospect, to make him want to buy, but when you have him coming, reference media should be used to connect the demand with the local supply. Every effort should be made to direct the demand to the goods advertised, at the point where they may be seen.

It is here that reference media, directories, find their logical place in the cycle of the sale.

Mr. H. J. Farnham, General Manager,
The Price & Lee Co.,
224 Market St.,
Newark, N. J.

Dear Sir:-

Many thanks for your esteemed favor of Sept. 23rd. and your good will toward us in offering to furnish a Newark City Directory for use in our Directory Library.

Our Library comprises 250 directories and is located in the center of the Chamber right near the information desk. This desk supplies information to upwards of 1000 people daily, all of whom are familiar with the Directory Library and many of whom make valuable use of it. We consider this one of the most important services that we render the general public; and inasmuch as San Diego is the "Birthplace of California" the place where western civilization began, this city is naturally a mecca for tourists as a consequence of which our information bureau and our directory library are of relatively greater use than they would be in any similar organization on the entire Pacific Coast.

We will therefore greatly appreciate having a copy of your directory and you may be sure that it will always be readily available to the general public.

Respectfully yours,

W Tomkins

Executive Secretary.

IF there is a possible circulation of upwards of a thousand people daily in San Diego, California, what must the circulation be at intermediate points?

Directory libraries are maintained in all principal cities.

Advertisers and Printers

There are uses for bond papers that may not have occurred to you. No advertising man should fail to get the good out of "The Letter", "The Illustrated Letterhead" and "The Halftone Letterhead Book."

The printer who is interested in bond papers which give him maximum speed, close register, and lie flat on the feedboard are already acquainted with Certificate Bond, Tokyo Bond, Economic Ledger, and the Index Bristols made by the Crocker-McElwain Company.

If you print, or if you advertise, send for any or all of the books named above.

Service in Paper

The Chemical Paper Manufacturing Co. covers the fine-paper field as well as the coarse-paper field. As an example of fine-paper skill, International Covers and Interwoven Covers are offered to printers and advertisers, the former a very inexpensive but rich-looking cover paper, and the latter a beautiful and serviceable grade of cover paper selling at a moderate price.

In the coarse-paper field, the Chemical Paper Manufacturing Co. is prepared to give service on special making orders of any size. Have you heard of the folding box-board service being given by this Company ?

Send for one of their "Chemco Folding Boxboard Kits" and see a line of patent-coated folding boxboards that is taking the place of a great deal of clay-coated.

Barrett Everlastic Roofings and Specialties

TRADE B MARK

FOR over sixty years we have been making roofings and other materials for farm and home. Every article on our list, therefore, may be bought with absolute assurance that it will be found thoroughly practical and reliable in every way.

EVERLASTIC MULTI-SHINGLES—Four shingles in one, each strip being as easily laid as a single shingle of any other kind. Saves labor and nails. The surface is "slated" in red or green. These Everlastic Multi-Shingles give a double thickness all over the roof, with three thicknesses where the wear is most severe. Fire-resisting.

EVERLASTIC SLATE-SURFACED ROOFING—A really splendid roofing, beautiful and artistic when laid. Slate-surfaced, yet sold in rolls. Made from the same materials as Everlastic "Rubber" Roofing with a special wearing-surface of crushed-slate particles, either red or green. Makes a fire-resisting and very durable roof.

EVERLASTIC SINGLE SHINGLES—Same material as the Multi-Shingles, in red or green. Cut in single shingles, 8x12¼ in. Laid like ordinary wooden shingles and provide a triple thickness all over the roof. Make a beautiful, fire-resisting roof that will give long service.

EVERLASTIC "RUBBER" ROOFING—The most widely used of all our roll roofings, protecting hundreds of thousands of buildings all over the world. Tough, pliable, water-proof, and low in price. Very easy and economical to lay as no skilled labor is required. Nails and cement packed in each roll.

ELASTIGUM — This wonderful water-proof cement has a hundred different uses. Especially useful for mending gutters, joints around chimneys, parapets, skylights, etc. It is easy to apply, is acid-proof, damp-proof and it sticks. Can be used in wet weather.

BARRETT CARBOSOTA LIQUID CREOSOTE OIL—Is the most efficient wood-preservative on the market today. It combines in the highest degree ability to penetrate deeply into the wood, antiseptic action toward fungous growth and insects, and resistance to the action of water and air. Its use will cut your wood-preserving bills in half.

EVERJET ELASTIC PAINT — Everjet is a high-grade carbon paint for industrial use; has no equal for protecting metal of all kinds against corrosive action of acids, alkalis, fumes, vapors, etc. Being elastic, extremes of heat or cold do not affect it. Water-proof and fire-retarding. Gives a perfect coating unbroken by pinholes or blebs. Try it.

This efficient fleet of Sulli-Vans is the largest in New England outside of Boston, and the enormous Sulli-Vans are as familiar to the inhabitants of New York, Philadelphia, Washington and a score of other distant cities as they are to the people of Springfield themselves. DESCRIPTION

OF THE

ATTRACTIONS, ADVANTAGES, AND RESOURCES OF

SPRINGFIELD, MASSACHUSETTS

Third City in Population, Second in Assessed Valuation in Massachusetts.

FURNISHED BY THE

SPRINGFIELD CHAMBER OF COMMERCE, MASSACHUSETTS

Springfield is the center of a spider's web, with many lines of railroads leading to it. The city is 99 miles from Boston, 136 from New York City, and 103 from Albany, with many prosperous towns and cities lying in between. Many of the people living in these towns and cities patronize Springfield stores so that Springfield, with a population of 140,000 (estimated) is the trading center for 600,000. Railroads, trolleys, and good highways bring the trade to the city, and the stores and shops are always busy and prosperous.

SPRINGFIELD-THE CITY OF SERVICE

Springfield is the natural center of distribution for New England. It has been compared a great many times to Western cities in its being a live wire, and because of the energy and activity of its wide-awake citizens. One of the finest examples of their loyalty to the city is the Municipal Group which stands as a testimony to the generosity and civic pride of the citizens.

SPRINGFIELD IS FAMOUS

Springfield is famous as the home of the Springfield Armory, with its great history, both past and present. The Springfield Rifle is known throughout the world. Likewise Springfield has other world-wide known industries,such as the G. & C. Merriam Company, publishers of Webster's Dictionary; Barney & Berry, Inc., manufacturers of the Barney & Berry skates; National Equipment Company, candy machine manufacturers; East Springfield branch of the Westinghouse Electric and Manufacturing Company, fractional horse-power motors; Hendee Manufacturing Company, Indian Motocycle manufacturers; Wason Manufacturing Company, steam and electric cars; Kibbe Bros., confectionery manufacturers; Milton Bradley Company, kindergarten supplies and games; Handy Chocolate Company, manufacturers of sweet chocolate; Smith & Wesson, manufacturers of revolvers; and Rolls-Royce of America (a branch of the noted English firm) manufacturers of automobiles, a recent addition to Springfield's industries. Springfield is the home of skilled mechanics.

BEAUTY AND ATTRACTIONS OF THE CITY

Springfield is known as "The City of Homes," and rightly can claim this title from many other cities described in the same way, for the beautiful parks (822.07 acres) and boulevards in the city, with the stately homes under great trees, are indeed charming. Forest Park, given to the city through the munificence of E. H. Barney and many other generous citizens, with an area of 729.14 acres, is one of the finest public parks in the country. The drives in and around Springfield are many and beautiful.

THE HISTORY OF SPRINGFIELD

William Pynchon and a band of brave followers founded Springfield in 1636, and on May 14 the town was organized. The early days involved many vicissitudes with the Indians, picturesque incidents, and affairs of marked bravery. In 1647 a large addition was made to the territory of Springfield by the General Court so that the city included Westfield, Suffield, some of Southwick, West Springfield, Holyoke, Agawam, Chicopee, Enfield, Wilbraham, Somers, Ludlow, Longmeadow, and Hampden, but since then these have become independent cities and towns, although all were originally a part of Springfield.

In 1672 the village of Springfield was burned by Indians, but, Phoenix-like, arose.

In 1812 the southern part of Old Hampshire County was named Hampden and Springfield became a shire town. A Court House was erected in the town in 1821. On May 25, 1852, Springfield, with a population of 12,500, was incorporated as a city, and on May 25, 1886, the city celebrated its 250th anniversary; on May 25, 1911, in a delightful manner the 275th aniversary was likewise celebrated. The spirit of ancient and modern Springfield is embodied in the world-famous statue of Deacon Samuel Chapin, by Augustus Saint-Gaudens, which stands at the corner of Chestnut and State streets.

AS AN EDUCATIONAL CENTER

Springfield is noted as second to none in the excellence of its public schools. With three High Schools, a Vocational School, a large number of grade and private schools, also parochial schools, it maintains a high standard. There are 41 public schools in the city, including three High Schools and a Vocational School. The International Y. M. C. A. College and the American International College are also located in this city.

Like all New England cities it has many churches—65 churches and religious societies—and many noteworthy ones among them.

Springfield is the home of the Hampden County Improvement League, which was organized in 1913 by a committee of the Springfield Chamber of Commerce for the purpose of creating a better understanding between the business man and the farmer.

It is also the home of the Eastern States Agricultural and Industrial Exposition (another outgrowth of the Chamber of Commerce activities, organized in 1916) which organization has already gained a country-wide reputation. The attendance at the exposition of 1919 was 185,000.

BUILDINGS OF NOTE

Notable buildings in Springfield are: The Municipal Group; the Public Library; Springfield Art Museum; Museum of Natural History; Springfield State Armory; Massachusetts Mutual Life Insurance Company building; Springfield Fire and Marine Insurance Company building; Hall of Records; Union Trust Company building; the Third National Bank building; the new building of the Chapin National Bank and the Hampden Savings Bank; the Y. M. C. A. building; the three High School buildings; Stearns building; Hotel Kimball; the Bridgway Hotel, and the Myrick Building (the headquarters of the Springfield Chamber of Commerce.)

SOCIAL ADVANTAGES

The social advantages are many, and the club life is indeed delightful. There are various charities in this city which are very active. The Y. M. C. A. and the Y. W. C. A. occupy their own buildings; the Boys' Club, an institution offering social recreation to over 1,000 boys, is splendid for youthful exuberance; the Girls' Club, doing excellent work for the girls; the Womens' Club; the Nayasset Club, which is one of the leading men's clubs of New England; the Colony Club, which is located in the million dollar residence of the late D. B. Wesson; the Winthrop Club, and the Country Club, of Springfield, all housed in their own buildings; besides the Springfield Business Women's Club, the Rotary Club,Kiwanis Club, Publicity Club, and many other Clubs, literary and social, make the city a pleasant place in which to live as well as to work.

The proposed Americanization Council will co-ordinate the activities and be representative of the thirty units of Americanization service in the city, so that adequate co-operation may be rendered the City Government and its branches of service in this very important problem.

GUARANTEED 99½% PERFECT

This book is as correct as our almost one-half century of making directories can make it.

One hundred per cent perfection is our aim and ideal, but we are not fooling the public or ourselves that this has been attained.

Ever since Adam succumbed to Eve, perfection is *at least* one half of one per cent from "arrived".

To disprove our claim it would be only necessary for one to find at least *fifty* errors or omissions for every *ten thousand* names, over twenty years of age, in the alphabetical section, who have been residents of this community for at least one year prior to publication.

The first one who can accomplish this, and forward the same to our address, will receive the next publication gratis.

SPRINGFIELD STREET DIRECTORY

The Street Directory gives the location of each street, and shows what other streets, avenues, or places run from or across it, with the number at which they intersect.

From this list the location of any number on a street can be easily ascertained. As, for instance, wishing to know at what part of Main street No. 310 comes, turn to Main street, and you find that Worthington street intersects at 306, right side, and Bridge street at No. 340, showing that No. 310 comes on the right side of Main street between Worthington and Bridge.

THE BAR

It Holds a Treat for You

On the counter of your favorite candy shop, it invites you to try one of these delicious cream bars. They're packed full of freshly grated cocoanut, blended in so smoothly you know it's there only by the taste. All coated with rich bitter-sweet chocolate.

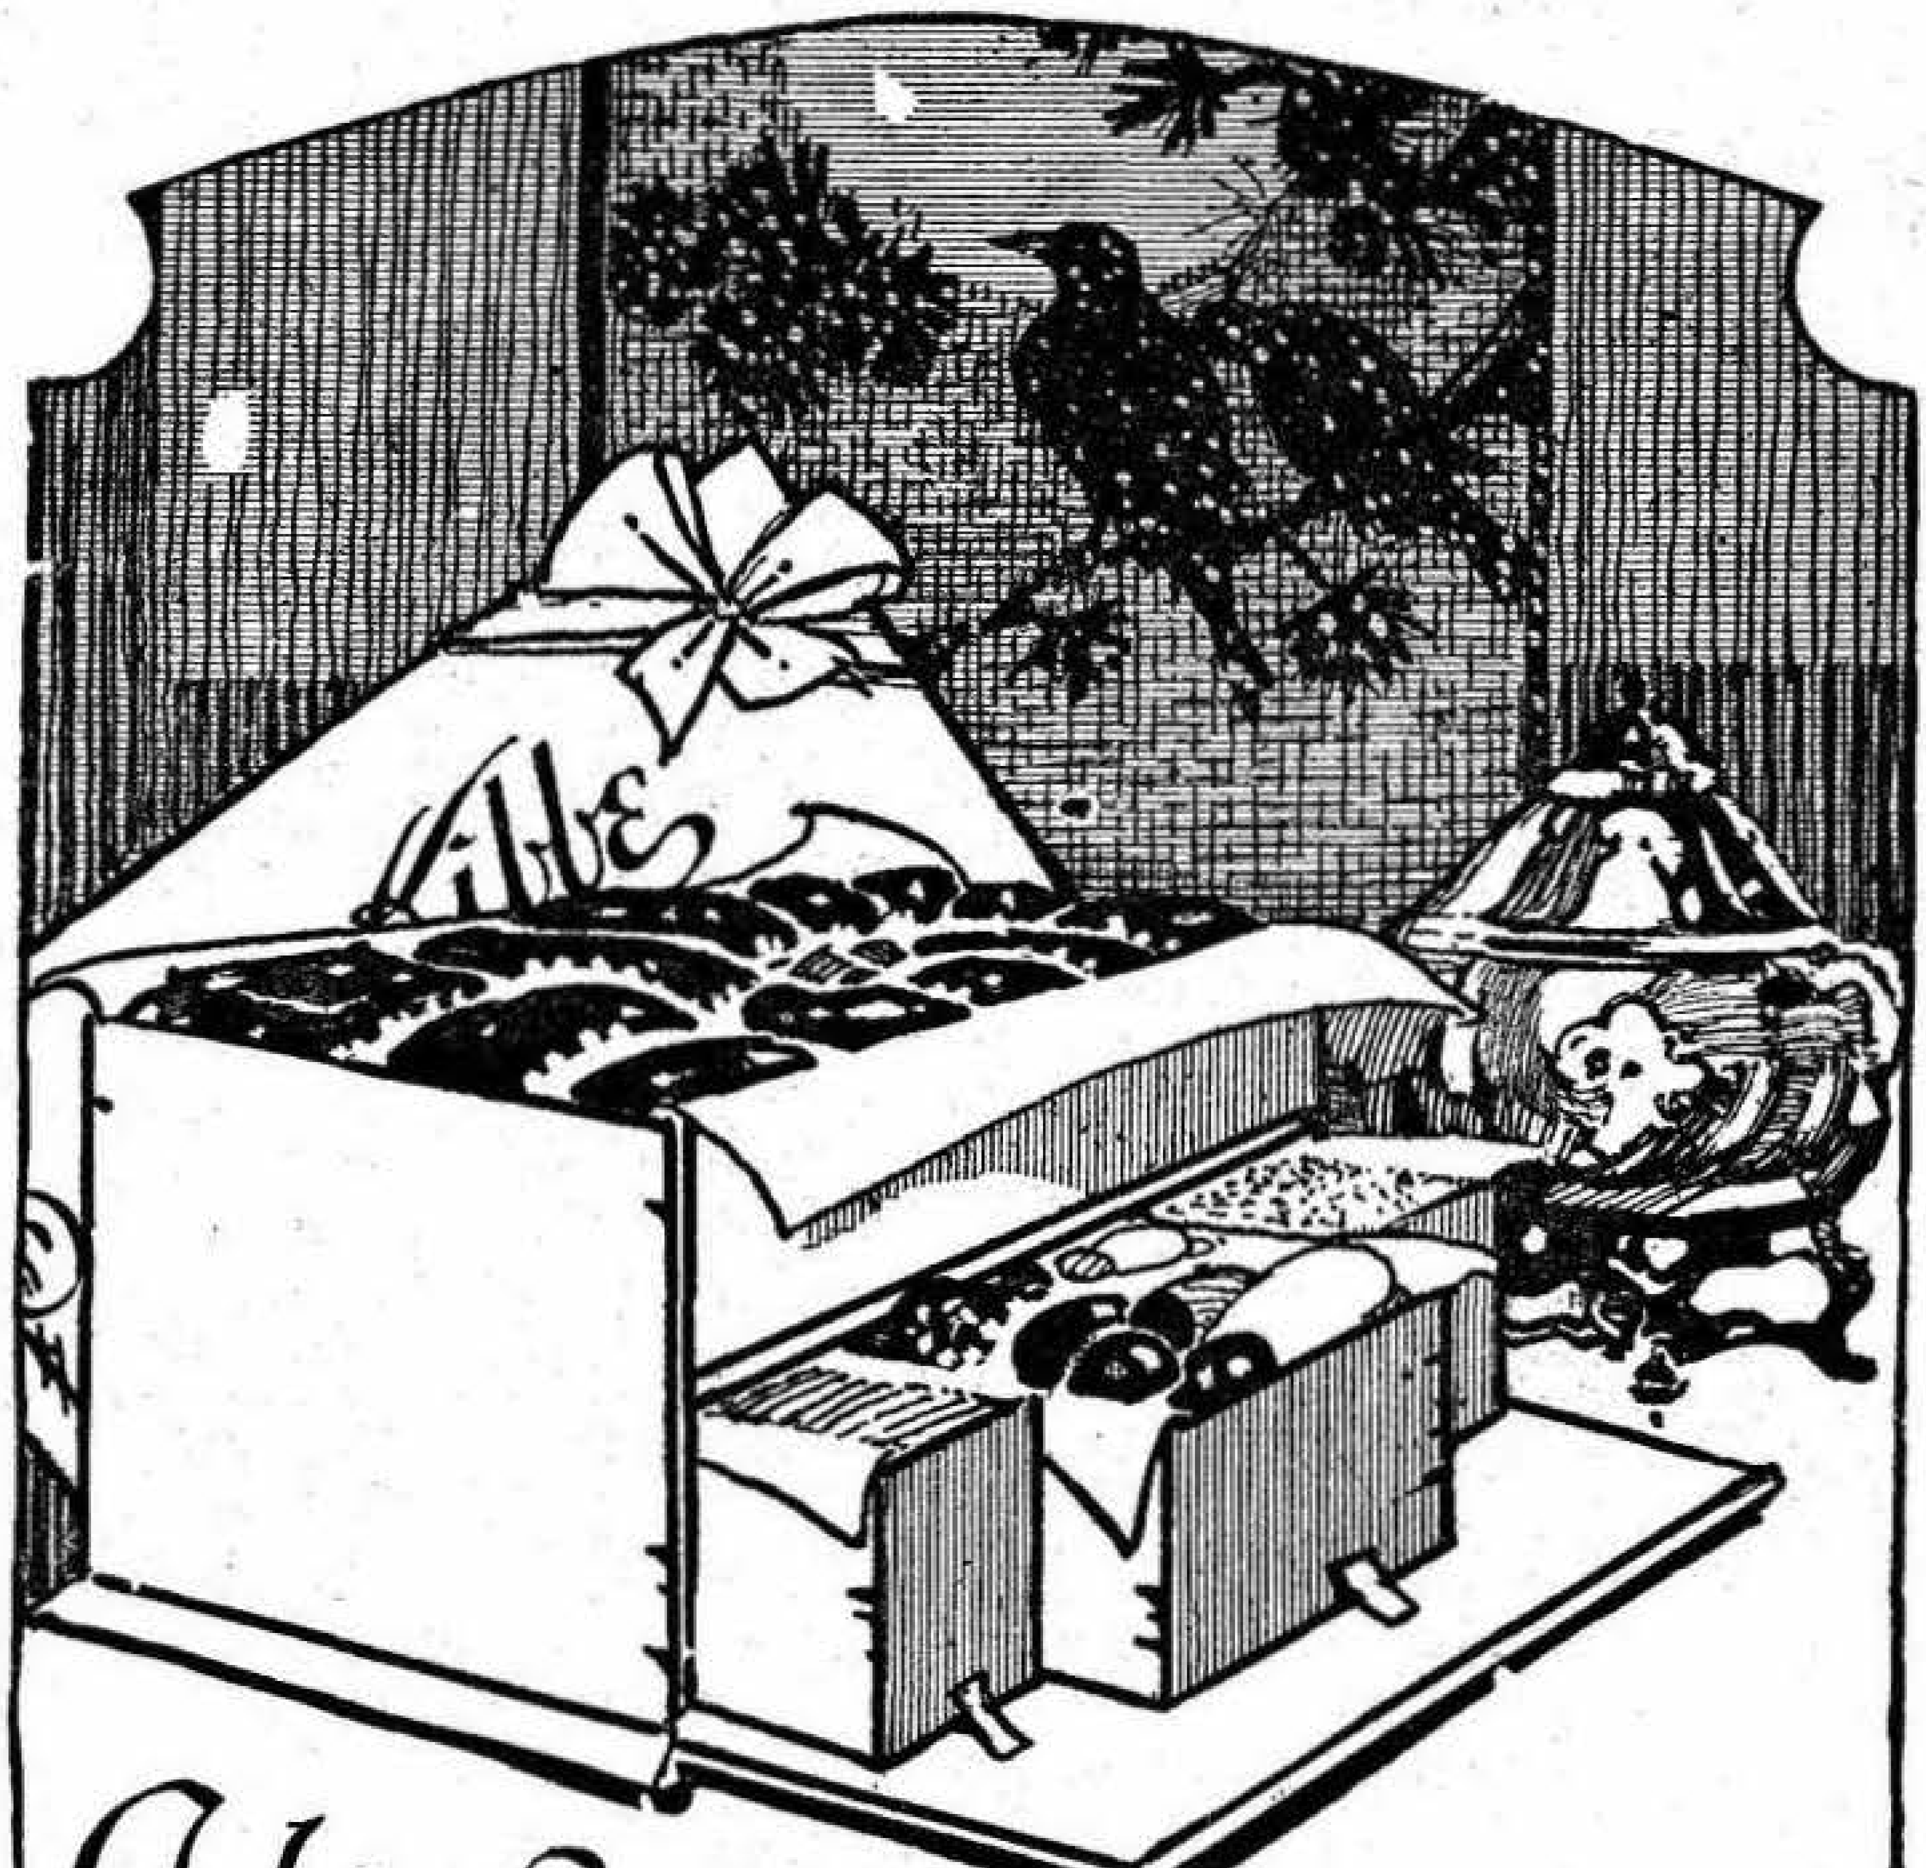
COCOANUT CREAM BAR
CHOCOLATE COVERED



Help for the head of the house

It is not always easy for the head of the house to please the whole family with one box of candy.

The happy solution of this difficulty lies in the Kibbe Buffet Box. Here are "everybody's" favorites—chocolates with cream centers, fancy centers and nut centers; Jordan almonds, sweet-cream caramels, delicious preserved ginger—all in one box.

Kibbe Chocolates are dipped with silver tongs—no hand or even a finger touches them. Your dealer doubtless carries them in many assortments, as well as the other famous Kibbe favorites such as Social Whirls, Cocoanut Cream Bars, Nut Venetians and Pure Sugar Patties. Ask for Kibbe's by name.
